

Solid Waste Technical Assistance Section

A NEW NAME

Same Great Service

SW Technical Assistance Section

What We Do

- Site visits
- Solid waste operator training
- Recycling assistance
- Composting assistance
- Wood ash program
- Electronics recycling
- Transfer station design

A vertical strip on the left side of the slide shows a topographic map with contour lines and a yellow line, possibly a road or trail, winding through the terrain.

SW Technical Assistance Section Still More of What We Do

- **“Rubbish Resource”** newsletter
- Solid waste capacity analysis
- Incinerator Operator training
- Household Hazardous Waste training
- Solid Waste Operators continuing education

Solid Waste Info!

Do you have enough information to inform your public or select board?

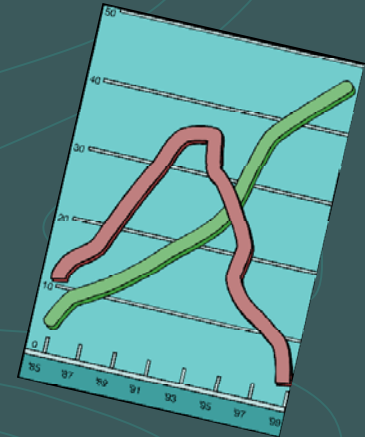

- ✦ How Much Trash?
- ✦ Where does it go?
- ✦ What's the Cost?
- ✦ What's in the bags?

Call us-We're at your "disposal"

Conducting business waste audits, finding solutions....

Waste Reduction
Can mean
Cost Reduction

- Working with Loon's base lodge cafeteria, they saved an estimated \$7,000 to \$9,000 in avoided purchases of cardboard trays. (they went totally to plastic reusable trays)

Working to Manage Construction & Demolition Waste as a Resource

GP Gypsum, Newington

**Remanufacturing
old gypsum into
new gypsum**

ERRCO

Blue Moon Salvage,
Rumney
